A voluntary generic prescription drug program from Marley Drug is being offered to the employees of **Iredell County**. The cost to participate is **FREE**. This independently owned pharmacy is based out of Winston-Salem, North Carolina. We are excited to help save you time and money on your generic prescription needs.

This program has many benefits:

- Offers generic prescriptions at a very low cost.
- Presents a wide range of generic prescriptions.
- Prescriptions are shipped to your home.
- Free shipping anywhere in NC, SC, GA, FL, NY, NJ, FL, RI & VA for a 6 month supply or greater.
- Most prescriptions can be ordered in 3, 6, 9, 12 months supplies.
- The more you buy, the more you save.
- Your insurance plan will not be billed.

You may use your Health Savings Account funds or Flexible Spending Account funds for your Marley Drug prescription purchases.

Many more generics are on Marley Drug's exclusive "Extended Supply Generic Drug Program" list and can be found at <http://www.marleydrug.com/prices.php> or by calling **1-800-286-6781**.

We strongly encourage employees to take advantage of the price savings. This will save you money and Iredell County money by lessening our prescription claims. Remember, each year both our medical and pharmacy claims dictate our health plan structure for the following year.

To sign up for this service, simply contact Marley Drug directly by phone or web-site and follow their process.

We now have available low cost alternative to Viagra® tablets!

Sildenafil, the active ingredient in Viagra®, is now available in a generic 20mg tablet, and it is **MUCH** cheaper than Viagra®.

Ex: Five 20mg tablets of Sildenafil is equivalent to one 100mg Viagra®.

Price: 50 Sildenafil 20mg (ten 100mg doses) \$80* VS. \$300 for ten Viagra® 100mg.

Note: This is the FDA approved generic of Revatio® 20mg tablet. The FDA has not approved generic Viagra®, even though the active ingredient is identical, just in a different strength.

It is Marley Drug's desire to assist you in reducing your patient's cost and increasing their ability to pay for their ED medication.

We CANNOT substitute any prescription (or refill) written for Viagra® without a phone call to the prescriber to get authorization for the following New Rx:

Rx Sildenafil 20mg #50
Take 2-5 tablets as needed for sexual activity

Going forward, just be sure to write all new Rxs for Sildenafil 20mg in the format above.

**As with most generics, Marley Drug offers great prices based on our acquisition cost. We have no control over our competitor's prices, or if they are even stocking this new generic.*

Thanks,

Dave Marley, Pharm. D., CEO

Neighborhood Pharmacy Watches Over its Neighbors

Marley Drug Offers Generic Drug Program to Ensure
Employers & Employees Don't Overpay for Prescription Drugs

For many employers, the cost of providing prescription drug benefits for their employees continues to skyrocket. Do you stress over choosing the most affordable drug plan without jeopardizing the health of your employees? Marley Drug designed a Generic Drug Program to look out for you and your employees and help you reduce your annual drug spending by 40%.

Protect Yourself from PBM's Pockets

"Pharmacy Benefits Managers are known to charge employers a higher price for some drugs than they reimburse the pharmacies. They greatly mark-up prices on generic drugs and bill for 'ingredient costs,' a term meant to confuse employers," said Dave Marley, CEO/President of Marley Drug. Dave Marley is also President of Pharmacists United for Truth and Transparency (PUTT), an independent watchdog organization dedicated to exposing PBMs for driving up prescription drug costs for consumers and employers.

As a third party, PBMs make contracts with pharmacies over the amount they receive for filling prescriptions, and separately negotiate with drug plans for what they pay to the PBM. This operation is not transparent to all parties, allowing for a wide price spread between the two contracts, often at the expense of the employer.

Cut Out the Middle Man & Cut Costs

By not filing a claim to the PBM, the employer is not charged for the medications. With Marley Drug's Extended Supply Generic Drug Program employers and their employees realize significant cost savings. For example, when submitting a claim with a PBM, a 12-month supply of generic Plavix (clopidogrel) 75mg #360 costs the employer \$600 and the employee a co-pay of \$120. When using Marley Drug, a 12-month supply of this same drug eliminates any charge to the employer and only costs the employee a one-time co-pay of \$70.

Your Neighborhood Family Pharmacy

Marley Drug offers over 400 generic drugs and customers have access to call in their refill requests 24 hours a day, seven days a week. As an independently owned pharmacy, Marley Drug provides an old-fashioned level of service with new pharmacy technology.

To speak with a marketing representative for a comprehensive savings analysis, call Marley Drug at **800.286.6781** or email marleydrug@bellsouth.net
